VETERAN URGENT ACCESS TO MENTAL HEALTHCARE ACT

SPEECH OF

HON. DOUG COLLINS

OF GEORGIA

IN THE HOUSE OF REPRESENTATIVES

Tuesday, November 7, 2017

Mr. COLLINS of Georgia. Mr. Speaker, I rise today in support of H.R. 918, the Veteran Urgent Access to Mental Healthcare Act.

As Veterans Day approaches, we remember the debt of gratitude we owe our nation's veterans, who have sacrificed greatly to protect our freedoms.

Tragically, about 11 to 20 out of every 100 veterans who served in Operations Iraqi Freedom or Enduring Freedom have PTSD in a given year. As researchers work diligently to understand the increase in veteran suicides—now at a troubling 22 veterans per day—it is important to understand that service-related mental stress is not limited to veterans who receive honorable discharges.

The Army has released at least 22,000 combat veterans diagnosed with mental health conditions or traumatic brain injuries since 2009 for alleged misconduct—meaning that many who have served in uniform may fall through the VA's cracks as they attempt to access mental health services.

The Veteran Urgent Access to Mental Healthcare Act recognizes this issue and expands the boundaries of mental health care covered by the VA to better serve those who serve us—including those with PTSD that affects their service.

The lack of access to mental health care remains an unfortunate reality for too many veterans. This bill would extend a helping hand to combat veterans struggling with the effects that their service has on their mental health. It would ensure that a population at a high-risk for suicide receives the care and support its men and women deserve.

I urge my colleagues to support this legislation, and I thank veterans across the country for their service.

CELEBRATING THE 25TH ANNIVERSARY OF THE KEWEENAW NATIONAL HISTORICAL PARK

HON. JACK BERGMAN

OF MICHIGAN

IN THE HOUSE OF REPRESENTATIVES

Wednesday, November 8, 2017

Mr. BERGMAN. Mr. Speaker, it is my honor to recognize the Keweenaw National Historical Park upon the occasion of its 25th Anniversary. Through committed preservation and community engagement, the Keweenaw National Historical Park has become an indispensable part of Northern Michigan.

For over 7,000 years, the Keweenaw area has been a source of natural resources and cultural enrichment. Native peoples first utilized its easily accessible and workable copper to create tools and items for trade. Later, copper became the center of growing industries and cosmopolitan communities in the Keweenaw. This rich history is preserved through the hard work of the rangers and volunteers at the Keweenaw National Historical Park.

The celebration of the park's anniversary is the perfect recognition of efforts to preserve our history, culture, and beautiful landscapes. Today, the park continues to raise the bar of innovation through programs and partnerships with state and local governments, private businesses, and nonprofit organizations. Its steadfast work has helped give the people of the Keweenaw Peninsula and all of the Upper Peninsula a sense of unity and common heritage.

Mr. Speaker, I congratulate the Keweenaw National Historical Park for its 25 years of success and community investment. Michiganders can take immense pride in knowing that the First District is home to such an important institution of historical, cultural, and environmental preservation. On behalf of my constituents, I wish the Keweenaw National Historical Park all the best in its future endeavors.

COMMENDING THE PRESIDENT ON GRIFFIN NOMINATION

HON. ROBERT B. ADERHOLT

OF ALABAMA

IN THE HOUSE OF REPRESENTATIVES

Wednesday, November 8, 2017

Mr. ADERHOLT. Mr. Speaker, I would like to commend President Trump for nominating Michael D. Griffin to be Principal Deputy Under Secretary of Defense for Acquisition, Technology, and Logistics (USD/ATL).

There is a saying that a person was made for a certain job. In the case of Dr. Griffin, this is true.

We currently have a convergence of space and national security factors which are matched only by a handful of circumstances in the past.

I am thinking of Russia placing Sputnik in space, and President Kennedy refusing to accept missiles in Cuba, and of President Reagan's placement of Pershing missiles in Europe and starting the SDI, or Strategic Defense Initiative Office.

With the nomination of Mike Griffin, we have a person with the experience of working in SDI yet also being the initiator of new ideas, such as the commercial cargo resupply program for NASA's ISS (International Space Station).

For this particular job at the Pentagon, that is what we need—a person who knows how to utilize best practices of the past, combined with the openness and boldness to recommend to the Secretary of Defense the decisive actions which will keep America pre-eminent in technology, and give America the edge, when and if we must engage in armed conflict.

Dr. Griffin holds degrees from six separate universities, his management experience in business and as former Administrator at NASA, as well as his work serving as a professor and as a consultant on Department of Defense review panels such as the Mitchell Commission (rocket launch engines), all prepare him well for this assignment and for the rising challenges facing our military around the world.

After his confirmation, I look forward to working with him and the rest of our Department of Defense to help provide what is necessary for our national security.
